(From Dr. Thomas Brown.)

Messrs. Lowe & Reed, Gent.—The Vegetable Pulmonary Balsam, has been extensively used in the section of country where I reside, for several years past, and has justly acquired a high reputation in consump-tive complaints. So far as my knowledge extends, it has never disappointed the reasonable expectation of those who have used it. THOMAS BROWN, M. D. Concord, N. H., May 11, 1831.

Messrs. Reed, Wing & Cutler-Gentlemen-I feel it a duty I owe to the public, and especially to hundreds of my fellow beings who are now suffering under different diseases of the lungs, to give you a statement of the good effects I have experienced from the use of the Vegetable Pulmonary Balsam. Having from my youth up been troubled with different com-plaints of the lungs, such as spitting of blood, a troublesome cough, frequent hourscness, with severe fits of coughing, and indeed all the symptoms of consumption the value and style of their goods, intending that they shall not be surpassed by those of physicians, and have taken much medicine, but I received little or no relief, and at last they told me there was no help for me; that my case was beyond the reach of their medicines. In the spring of 1827 I was advised by a friend to try the Vegetable Pulmonary Balsam. I obtained two bottles, and on trial I was surprised to find so sudden and effectual relief which it gave me, and after using it about five weeks all my complaints were entirely removed, and I was restored to good health. Since that time I have kept it constantly by me, in case of the appearance of any of the above complaints.

I have known a large number of cases where all other medicines have failed of affording any relief, the Balsam was at length resorted to, and speedily effected a cure. I would therefore recommend to every person that has any of the above complaints, on their first appearance to take the Vegetable Pulmonary Balsam, which they will find a safe, convenient and pos-itive cure. Respectfully yours, itive cure.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of attempts to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are "Carter's nes. Compound Pulmonary Balsam," "American Pulmonary Balsam," "Vegetable Pulmonary Balsamic Syrup," "Pulmonary Balsam," and others.

Being predisposed to consumption, both from peculiar formation and hereditary transmission, I tried every means to check the disease, and strengthen a naturally weak constitution. I spent two years at Pisa, one at Rome, two in Florence, and another in Pisa, one at Rome, two in Florence, and another in the south of France, seeking, meantime, the advice of the best physicians. Two years since I returned to this country in about the situation as when I left it. I had seen in the reading rooms of Europe, much in favor of Dr. Taylor's Balsam of Liverwort, and as soon as I arrived in this city I need it, and in 3 months I was so well as to safely venture to pass the winter here. I have used an occasional bottle during the time, and am now in as good health as possible. My cough has wholly ceased, and my lungs have every feeling of health.

REMARKABLE CURE OF CONSUMPTION .- I have been an invalid for three years, and have suffered every torture from confirmed consumption. But Dr. Taylor has wholly cured me. The large quantities of matter I used to raise has subsided, my cough has ceased, and I am fleshy again, my health being wholly restored by using three bottles of his celebrated M. E. Windley, No. 139 Maiden Lane, N.Y.

SHORTNESS OF BREATH .- For this disease Dr. Taylor's Balsam of Liverwort has no equal. Having the asthma, a severe pain in my left side, and some cough I was induced to try the above medicine, and great was my joy to find it cured me in about two weeks. It also cured my mother of a severe attack of the Liver complaint with which she had suffered 2 years.

Their sufety in all the various stages of existence—from helpless nfancy to old age—has long heen subject of especial commendation and wonder—and the fact that the application of VEGETABLE PURGATIVES is unattended by the least inconvenience, and that no particular attention is required at the time that the Pills are taken, either as regards diet or action, constitutes of itself one of the most important benefits ever he of it self one of the most important benefits ever be-stowed on mankind.

treatment is the Doctor. It is also well worthy of consideration, that the principle of purging with Braudreth's Pills removes nothing but the useless and decayed particles from the body—the morbid and corrupt humors of the blood which generally impede the functions of the blood which generally impede the functions of the liver when they settle upon that organ—produce rheuma-sm when they settle upon the muscles—gout when ney settle upon the nerves—consumption when they upon the lungs; costiveness when they upon the intestines—apoplexy, paralysis, and all the train of melancholy disorders so fatal to the sufferer, when these settle upon the lining of the blood vessels.

The depravity of the humors is also the immediate ause of intermittent fevers and dysentery—as nothing s required but the contact or contagious miasma, to

It must, therefore appear self-evident that purging the foul humors from the body is the only True and Effective means of curing and preventing these complaints, and every other form of disease; for as it requires the tempest and the tornado to bring a out a state of purity in the ocean when its waters have been stagnant, so will it require repeated evacuations by the bowels, before the blood can be relieved of its accumulated impurities, and Nature left free to restore every organ to its proper healthy action. Liver Complaints, AND ALL SICKNESS AND DISEASE DR. LIN'S TEMPERANCE LIFE-BITTERS

CHINESE BLOOD-PILLS.

The greatest Secret discovered ! Purge-purge-has been the cry for the last few years. This has been effectually tried, and yet sufferers have multiplied—and died; and wby?
Not because purging was not necessary, but too
much had been done—without the tonic to follow,
and sustain the system. Purge, you must! The
sickly humors of the blood must be carried off—or
the accumulation of them prevented. Prevent then

the growth of such humors.

Why do the Chinese live to such immense ages and still retain the powers of youth or middle age—
Because they purify the blood. The CHINESE
Blood Pills—so called because they work upon and
cleanse the Blood—are the standard remedy. These cleanse the Blood—are the standard remedy. These pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of base humors which infest the blood, and which only increases by purges, unless the bitters are taken after. Buy, then, these pills and bitters.
